

Nstat ESD Control

Conductive Strip Shoe Covers NS-864E Series

Our Shoe Covers with Conductive Strips are an economical way to protect static sensitive devices in almost any work area. Our Conductive Shoe Covers feature a full length non-woven conductive Carbon strip that is added to the bottom of our Shoe Covers: Regular sole polypropylene, skid free polypropylene, and polylatex. This strip provides adequate length for body contact when worn with most shoe styles. Shoe covers are sized in extra large for versatility.
