Nitrile Coated Gloves NFLEX900 Series

Abrasion resistance and oil repellency are the key characteristics of this newest line extension. The Nitrile coating prevents oil from penetrating through the glove, protecting hands from dermatitis. The glove has excellent dry grip for applications involving small to medium sized parts.

Application

Automotive assembly - Metal fabrication - Machine assembly - General handling - Construction - Transportation - Gardening.

Part No. NFLEX900
Nitrile Coated Palm & Finger Gloves
