

Nstat ESD Control

Clean Room Sticky Mat Frame NS-FRM Series

NSTAT sticky mat frames are used to provide a uniform and effective base for adhering mats securely, yet permitting easy removal of the last sheet. This eliminates the problems created by floors of widely varying materials. They can also be used to enhance appearance. Frames can be simply laid on the floor.

The adhesive mat frames consist of a sloping, 4-in. anodized aluminium edge, into which is permanently secured in a plastic base. They are available for all sizes of mats with width and length each six inches greater than the corresponding mat dimensions. Overall height is 5/16". They are supplied fully assembled, ready to use.

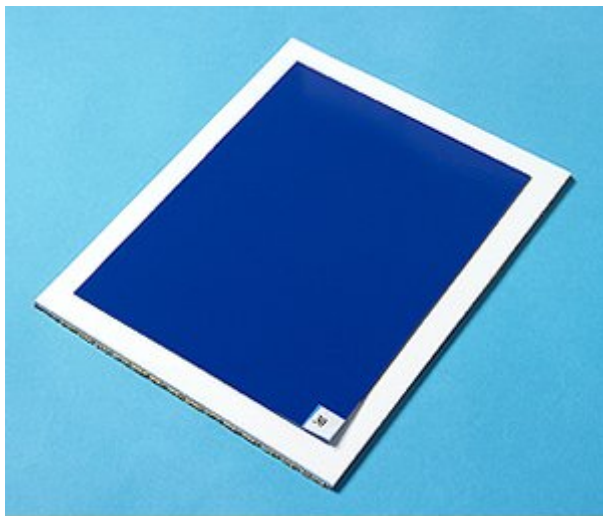

Product Advantages:

- * Provides uniform base for adhering adhesive mats.
- * Works extremely well with all bottom adhesives.
- * No maintenance required.
- * Enhances appearance of mats.
- * Pre-assembled, ready to use.
